Maybe even better than free.

Unfortunately, we can't make that part free. Any file in any format can be uploaded and downloaded for free. So try our free and simple filehosting servicenow. Just upload the file you want to share with your friends and we send you a download link to your file. Files can be downloaded from any computer fromour high speed servers. You decide who you want to share your files with. Files transferred the old-fashioned way tend to pile up and be forgotten about,eventually costing you money in data storage fees. You don't need any special software installed to be able to download your files. You can give this downloadlink to your friends by mail or instant messenger. File is free to use with no gotchas and no hidden fees. You can upload any type of file (movies, music,documents, images, zip files and more). The cost of that data transfer is covered by your internet service or the data plan on your phone. We have no file sizelimit. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. When you use file, you avoid storing the file you're sending inyour cloud storage or mail server. Keep your files private, or send your download links only to friends or family. It is also allowed to link to the download pagefrom websites and communities. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits tothe size of files that can be transferred within their apps. Our service is completely free for everyone. If only we could, we surely would! On the other hand,using file can actually save you money. No account or credit card is required to get started. filehosting provides an easy possibility for you to send large files toyour friends. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer orphone and our servers, then from our servers to your friends device. Alternatively you can choose to share your download links on blogs, forums and socialnetworking sites. Simply upload your file and share the link. There are no restrictions on the number of times a file can be downloaded. Using file, you cancircumvent those limits without paying to upgrade your team chat service.
