Maybe even better than free.

Keep your files private, or send your download links only to friends or family. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. If only we could, we surely would! On the other hand, using file can actually save you money. There are no restrictions on the number of times a file can be downloaded. You can upload any type of file (movies, music, documents, images, zip files and more). Simply upload your file and share the link. So try our free and simplefilehosting service now. The cost of that data transfer is covered by your internet service or the data plan on your phone. You don't need any special softwareinstalled to be able to download your files. You can give this download link to your friends by mail or instant messenger. Files transferred the old-fashionedway tend to pile up and be forgotten about, eventually costing you money in data storage fees. filehosting provides an easy possibility for you to send large filesto your friends.

Any file in any format can be uploaded and downloaded for free. Alternatively you can choose to share your download links on blogs, forumsand social networking sites. Files can be downloaded from any computer from our high speed servers. You decide who you want to share your files with. Justupload the file you want to share with your friends and we send you a download link to your file. Unfortunately, we can't make that part free. Why pay storagefees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within theirapps.

Using file, you can circumvent those limits without paying to upgrade your team chat service. We have no file size limit. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. No account or credit card is required to get started. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. It is also allowed to link to the download page from websites and communities. File is free to use with no gotchas and no hidden fees. Our service is completely free for everyone.
